EDUCATION

LeMoyne College

Bachelors of Arts Cybersecurity

Sep 2021- May 2025

SKILLS

- SIEM / Threat Intelligence
- Incident Response
- Risk Analysis & Management
- Email Security (SPF, DKIM, DMARC)
- Nessus
- CrowdStrike
- Microsoft 365 Admin
- Google Workspace Admin
- Computer Imaging
- Content Security Policy (CSP)
- Python
- Compliance Documentation
- Awareness Training
- DNS management
- Cloudflare
- AWS Management Console

PROJECT

Network Building Lab

- Designed a segmented clinic network in a virtual environment to separate guest, administrative, and clinical traffic.
- Configured firewall rules to block unauthorized traffic and support secure wireless access.
- Configured WPA3 settings and strengthened device network security to reduce risk.

Website Security / Website Development

- Managed domain registration and DNS records, including A, CNAME, MX, and TXT.
- Implemented SSL/TLS certificates and DNSSEC to improve website security.
- Created Content Security Policies and security headers to reduce web security risks

WORK EXPERIENCE

Le Moyne Security Operation Center

SOC Analyst Intern

08/2023 – 12/2023

- Monitored security alerts in CrowdStrike to identify and respond to potential threats.
- Reviewed daily threat feeds and updated alerts based on emerging indicators of compromise.
- Investigated suspicious network and endpoint activity, escalating and documenting potential incidents
- Wrote and shared security updates on current threats and phishing trends

VanEck

Cybersecurity Analyst Intern

06/2024 – 08/2024

- Used Lansweeper to track assets, identify vulnerabilities, and support patch compliance.
- Reviewed data workflows and helped draft AI usage guidelines to support compliance goals.
- Performed access reviews and audits to support least-privilege controls.
- Worked with teams to implement and document a centralized password management solution.

Le Moyne IT Systems and Network Services

Desktop Associate

01/2024 – 04/2025

- Managed Active Directory group policies and user access for applications and printers
- Supported device deployment, imaging, and setup across Windows and iOS environments
- Resolved hardware and connectivity issues to help maintain reliable end-user systems
- Provided technical support for updates, configuration issues, and endpoint security tasks while maintaining clear ticket records.

Extell Development The Carlton House

Relief Hallperson

07/2025 – 12/2025

- Provided professional customer service to residents, guests, and management while following security procedures.
- Handled sensitive communications and maintained confidentiality in line with privacy standards.
- Managed multiple responsibilities in a fast-paced environment while staying organized and efficient.
- Monitored building access, verified credentials, and helped maintain a secure entrance

Le Moyne College HEOP/AHANA Office

Student Assistant

01/2022 – 05/2022

- Supported hardware maintenance and troubleshooting for a campus device loan program.
- Helped plan and coordinate campus events for students.
- Managed student communications and administrative tracking to support office operations
